

GROW  MORE®

pH Down
30% H₃PO₄
FOR HYDROPONICS

DIRECTIONS FOR USE:

KEEP OUT OF REACH OF CHILDREN

Mixing this product with water, acid or incompatible materials may cause splattering and release of heat.

Use 1 teaspoon (5cc) of **pH Down** per 10 gallons (38 Liters) of nutrient solution. More or less may be needed, depending on pH of make up water, concentration of fertilizer in nutrient solution and rate of plant growth.

Personal protection is recommended when handling this product:

- Wear chemical safety goggles
- Wear chemical resistant clothing
- Wear chemical resistant gloves

NOTICE:

Buyer assumes all risks of use, storage or handling of this material.

pH Down
